Canebrake League City Land Clearing

Your clearing estimate worksheet

Property and access

Parcel or nearest cross streets, gate width, turns and soft ground

What do you want to use the land for?

Identify the first area you need and who uses it next.

What stays and what goes?

Mark retained trees, screens, fences, roots and work limits.

Where will the material go?

Choose what can stay as chips, what can be piled and what must leave.

What still needs an answer?

List boundaries, private lines, drainage features and permit questions.

How will you recognize completion?

Record the agreed finish, exceptions and receiving contractor.
